

GEORGIA STATE RETIREES ASSOCIATION

For members of the Georgia General Assembly:

Retired State employees have not received a cost of living adjustment for eleven years, considerably eroding the purchasing power of retirement benefits for over 50,000 families who dedicated their careers of service to the State of Georgia.

- 1. Will you support a COLA for retirees of the Employees' Retirement System?**

- 2. What actions will you take to assist retirees in restoring their cost of living adjustments?**

- 3. Will you support legislation to require the Governor and the Board of Trustees of the Employees' Retirement System to consider board nominees put forth by the Georgia State Retirees Association in the same manner as is presently done for vacant positions on the Teachers Retirement System Board of Trustees?**

- 4. Will you support legislation to authorize COLAs for all state retirement systems?**

- 5. Will you support protection of consumers by eliminating balance billing by health insurance providers?**
